Our Aims

We have 4 main aims:-

For our members to experience volunteering to gain valuable work skills.

To promote independence through a 'developing skills for life' programme.

To promote health and well-being.

To integrate our members into the community as much as possible to promote social inclusion.

These aims correspond with the government's newly published document 'Preparing for Adulthood'. (2017)

About Us

We are based in Stockton and offer part time placements for 50 weeks of the year as part our meaningful training programme.

Group sizes are kept small and our normal staffing ratio is one member of staff to three young people.

The day starts at 9am and ends at 4pm.

All staff at Vision25 is passionate about helping young people to realise their potential and build self-worth.

Our Vision

As a company, we are driven by an ultimate goal; for all our young adults to be as independent as possible by fully including them in all aspects of the community.

We are led by a Director, who brings vast experience of working with special needs, specialising in ICT & photography.

Alongside her are a number of dedicated and highly skilled volunteers who share her vision. All our staff at Vision25 are DBS (formerly CRB) cleared.

Our entire team are keen to welcome young adults aged 19 years and above to offer an array of enrichment activities.

We have raised a substantial

amount of money so far and will continue to do so. This is so our young adults can enjoy endless activities in our local area and beyond.

An example of some future adventures include a tea time social club, theatre visits, dance tuition, archery, inclusive visit to The Calvert Trust, film making experience, and a trip to London.

We envisage to take our members on long weekend trips to disability friendly holidays throughout the year.
